

Car accident checklist

Keep this checklist in your glovebox, along with your vehicle's registration and insurance card.

- Check yourself and/or your passengers for injuries
- Call law enforcement for documentation and medical help
- Move your vehicle to a safer location, if possible
- Exchange insurance and contact information with the other driver(s)
- Collect evidence and document the accident with pictures and videos
- Obtain the police report for yourself (and your insurance company)
- Notify your auto insurer and start their claims process
- Call Endurance roadside assistance to help get you to a repair shop
